ABOUT THE COURSE

What does the course involve? This course has been developed to support learners already working in or health or adult care sectors and will give them the competence to operate effectively. The aim is to support learners to develop the knowledge and skills required to work in a range of clinical healthcare support settings and in adult care environments, focusing on the following topics: communication in a care setting, handle information in a care setting, personal development, implement person centred approaches, equality and inclusion, health, safety and wellbeing, duty of care and safeguarding.

Are you eligible? Our courses are free/fully-funded for those aged 19+ who are unemployed and not in education or training.

Why learn with us? We deliver flexible, online and classroom-based courses to suit your needs. We are well-placed to deliver specialist support; breaking down barriers to learning and helping you gain new skills. We can also help with travel costs and getting online.

How long does the course run?

The course runs for 8 months.
