FUNCTIONAL SKILLS MATHS

with  **acorn**
TRAINING

ABOUT THE COURSE

What does the course involve? Functional Skills Maths qualifications enable learners to gain confidence in using mathematics. Your individual plan of learning builds on your strengths and what you can already do and know. You will develop skills with number, measure, shape and space and develop your ability to work with and handle data. Courses in mathematics build on current skills to enable you to move forward positively in life and work.

Are you eligible? Our courses are free/fully-funded for those aged 19+ who are unemployed and not in education or training.
