

LEVEL 2 DIGITAL & CYBER SECURITY

with

ABOUT THE COURSE

What does the course involve? This course provides an understanding of digital and cyber security principles. It covers key areas including risk management, protection strategies for IT systems and data, and practical implementation of security measures against current and emerging threats. Learners will also explore relevant legal and ethical considerations, along with essential IT security policies and procedures to ensure compliance and responsible practice in the digital landscape.

Are you eligible? Our courses are free/fully-funded for those aged 19+ who are unemployed and not in education or training.
