

LEVEL 4

ASSOCIATE PROJECT MANAGER

with

What is this role / apprenticeship?

The role of a Associate Project Manager contribute to the successful delivery of a project, ensuring its scope and benefits are achieved as planned. They do this primarily by identifying, resourcing, scheduling, and monitoring the activities that need to happen in a certain sequence and timescale. They monitor the project objectives and milestones and adjust plans in accordance with evolving circumstances.

This apprenticeship is tailored for individuals who are currently working in project management or regularly handle projects as part of their daily tasks. To qualify, you must be actively engaged in project-related work.

Whether you're new to project management or have several years of experience, our Level 4 Associate Project Manager course offers valuable insights that will support the growth of your professional skills.

The programme covers the core theories, skills, and behaviours required for successful project management, empowering you to excel in your role. We've designed this programme to give you the opportunity to not only learn the principles of structured project management but also apply them to real-world projects within your workplace, ensuring that the learning is practical and directly relevant to your career advancement.

How long does the apprenticeship take?

The apprenticeship takes 16 months to complete with 5 months for EPA so 21 months in total.

What qualifications will the learner receive?

- Level 4 Associate Project Manager
