ABOUT THE COURSE

What does the course involve? The Level 3 Technical Specialist Qualification in Special Educational Needs Co-ordinators (SENCO) in Early Years Settings is designed for early years practitioners who want to build specialist knowledge and practical skills to support children with special educational needs and disabilities (SEND). This course is ideal for those currently working as, or aspiring to become, a SENCO. It covers the key responsibilities of the role, effective strategies for supporting children and their families, and provides a clear understanding of the SEND Code of Practice.

Who is this course suitable for? This course is ideal for early years practitioners who are currently in, or working towards, a role that involves supporting children with special educational needs and disabilities (SEND), including those preparing for the responsibilities of a SENCO.

Why learn with us? We deliver flexible courses to suit your needs. We are well-placed to deliver specialist support; breaking down barriers to learning and helping you gain new skills.

How long does the course run?

The course runs for 8-12 weeks.

Are you eligible? This course is free/fully-funded for those living in the SYMCA area, aged 19+ and earning less than £34,977.
